FOUNDER, LIONS CLUBS INTERNATIONAL

### LIONS PRAYER

When I attend my lions club  
And break bread at the table  
I gave a million thanks to God  
To know that I am able to meet there  
With my fellow man  
Relax and play and sing  
To hear the speakers of the day  
The fine thoughts that they bring  
I realize that I have a part  
In caring for the blind  
Also the underprivileged  
Let's keep them all in mind  
Now as we do our daily tasks  
Pray God we do them greatly  
Then liberty and intelligence  
Will be our Nations safety

PRESIDENT, LIONS INTERNATIONAL

## LIONS CODE OF ETHICS

**TO SHOW** my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

### Make Your Mark

There's a leader inside every Lion.

And leaders know that, through collective action and individual commitment, we can inspire and empower whole communities. Making them healthier and stronger than ever before. And making our mark in the process.

As leaders, we unite people through our clubs, and in our mission of service. We foster collaboration so we can do what others say can't be done. We embrace innovation so we can bring our bold service vision to life. We give caring people the chance to serve with us so they can lead with us as Lions. And with every new member we bring, we make our mark on the future of service.

Together, we reach out to the people who need us. We amplify voices that would otherwise go unheard. We change lives in ways that only Lions can. And with every life we touch, with every community we serve, we make a mark that will endure, and will never be forgotten.

### SHAPE OUR FUTURE

Making Our Mark Together

Every day provides us with a chance to make our mark as Lions, so take action! Consider these global priorities and how we can all support them to help strengthen lions and the communities we serve.

### GROW TO GIVE MORE

As the need for service grows, we need to grow too. Let's invite new members and charter new clubs so we can meet our MISSION 1.5 goal, bringing more Lion and more service to our communities as we work toward serving one billion people around the world.

### BE STRONGER TOGETHER

Our global foundation works to support our service so we can bring lasting change to the world. So let's support LCIF to ensure that we're ready to serve together, whenever and wherever needed.

### TAKE THE NEXT STEP

Let's embrace our leadership potential to grow our clubs and our service, and to grow as Lions and leaders. Look for new opportunities within your club and community to lead our service forward.

### CAPTURE YOUR COMMUNITY'S IMAGINATION

Our work as Lions is extraordinary. Great marketing and public relations can help you tell your story and capture the attention-and imagination-of your community. So promote your service to inspire others to join us as Lions.

## THE LIONS SERVICE BRIEF

### 1. GLOBAL CAUSES:

Lions International is united through working within the same global causes worldwide. The global causes are Diabetes, Vision, Hunger relief,

Environment, Youth empowerment, Disaster Relief, and Pediatric cancer and Humanitarian. This lion service year, we will intensify our plans and actions around these areas of need. We will also encourage Lions and Leos to engage the act and commitment to service in order to bring hope where it is needed by using available resources to achieve them in their various communities and clubs.

**2. SERVICE JOURNEY:** The four phases of our service journey are to Learn, Discover, Act and Celebrate. These phases are comprehensive ways for Lions to increase the service impact through access to resources surrounding our global causes. Service first equates to commitment, and that transforms into progressive development with lasting impact through the right measures.

**3.SPECIALTY CLUBS:** Lions International serves a wide range of needs in the community; more clubs will be formed to accommodate the skills, interests, passion, and locality of prospective members. Specialty clubs allow people and professionals to join a community focused on common interests aimed at growing members and helping the Lions Clubs to do better.

**4.LIONS CLUB INTERNATIONAL FOUNDATION:** Lions Club International Foundation (LCIF) offers a wide variety of grants to support Lions services in our local communities and the world at large. LCIF has contributed to Lions' efforts in the focus areas of vision, disaster relief, youth, and humanitarian causes. LCIF helps Lions increase their impact on these areas while expanding our reach through Lions' global causes area. Melvin Jones Fellow (MJF) and progressive Melvin Jones Fellow (PMJF) are individuals who contribute to the LCIF, I encourage everyone to subscribe.

This year we will also seek more financial partnerships to help us fund more projects and help us impact communities in areas of lifestyle, health, and social amenities.

global platform for developing members in support of the Lions' commitment to their service.

The Global Membership Approach equips districts to develop membership through a strategic process focused on:

- Rejuvenating districts with new clubs
- Revitalizing clubs with new members
- Re-motivating existing members with fellowship and exciting service

The approach has universal applicability, allowing for customization based on regional needs and circumstances, and is supported by a growing collection of material resources.

The Global membership approach has four processes that have been in use over time to increase both satisfaction and new member recruitment. The four steps are:

- Build a Team.
- Create a vision.
- Design a plan.
- Execute it successfully.

## SERVICE PROGRAMME (GLOBAL SERVICE TEAM)

The Global Service Team shall work closely with the Clubs to make sure that impactful projects are carried out within the global causes and most importantly reported. There shall be incentives for Clubs that follow the guidelines and procedures.

### GLOBAL CAUSES

**Diabetes:** Diabetes is one of the global Causes of Lions International. We serve to reduce the widespread of diabetes and improve the quality of life for those diagnosed. We will work with dietitians and nutritionists to create budget-friendly meal plans that will help them manage the disease properly.

**Hunger Relief:** In a world where people live on less than \$1 per day, Organizations such as Lions International serve to ensure all community members have access to nutritious foods. This led to the vision of creating a food bank to assist people who earn below the average income – "Sharing hope per meal".

**Vision:** Lions International is well known for the deliberate efforts we put in to improve the vision of the people in our community. We are Knights of the Blind because we serve to prevent avoidable blindness and improve the quality of life for people who are blind and visually impaired.

**Environment:** In the last Service year, the International President Dr Patti Hill, launched a campaign tagged "Lions go Green. We will ensure the sustainable protection of our communities by designing an eco-friendly project that will protect our seas, trees, mammals, and environments.

**Pediatric Cancer:** We serve to help children affected by pediatric cancer survive and thrive. We will embark on several awareness activities across the districts to provide support for this cause. Leos and Lions will work hand in hand to carry out impactful projects this lion service year.

**Youth Development:** This was just recently added to our Causes. Since we have our Youth Activity (The LEO Club) we shall make a deliberate effort to improve their programs and organize summits and seminars towards building a better future for the Community and the Association.

**Humanitarian:** Humanitarian is a global Cause despite just being recently added to our causes as being part of parcel of the club. Our mission is to make the world a better place worth living in by making service to humanity our priority. We shall abide by the slogan that says 'Where there is a need; there is a Lion.

**Disaster Relief:** Lions International has been giving relief materials to victims who have been displaced by Disaster in the past. Even though no one is praying for a natural disaster, it is also not a predictable occurrence. We shall work hand in hand with the Nigerian Lions Charity Foundation to provide relief materials in cases of flood and other natural disasters.

## LEADERSHIP DEVELOPMENT AND CAPACITY BUILDING

Leadership development is the outcome of capacity building. The essence of capacity building is to help our members manifest in their official roles and personal life while also exposing them to tools needed for continuous self-development. With trainings, orientations, and resources, we will build each member into a leader with deep insights, management ability and effective team-bonding leadership skills. We believe this will help us grow as a club and inspire personal development. Our aim is not only to groom these leaders for the development of the club, but to also enable them to participate with fine moral principles in politics, policy making, and community development. Here are some benefits of leadership development that we are intentional about:

**Retention of members:** By investing in leadership training throughout the district, members can be retained and there will be a reduction in loss of membership at the end of the service year.

**Increase Service Activities:** the right and consistent leadership can increase the productivity of our members. This is so because leadership development brings about understanding the emotions of both members being led, and the society being served.

**Make Better Decisions:** leadership training will result in better decision-making because leaders functioning at a high level of emotional intelligence tend to make informed and intelligent leadership decisions.

**Nurture Future Leaders:** quality leadership is a combination of the right qualities and the right training. We realized that leadership roles are often given to the most forward candidates with dominant personalities. During the year, we shall identify those who have what it takes and provide them with targeted leadership training to nurture and support them with the goal of transforming them in becoming future leaders hence, we would create an opportunity for a sustainable succession plan for future development.

These trainings will be conducted both Online and Offline as the situation demands. The trainings are listed below:

- Annual Leadership Training with Presentations
- New Members Orientation Sessions
- District Officers Training
- Certified Guiding Lions Workshop
- Club Quality Initiative Workshop
- Monthly Training at Club meetings/ assigning FDI graduates to clubs
- Skill Empowerment/Video Sharing Sessions.

At the Multiple District and International levels, we shall encourage members to attend institutes such as,

- Emerging Lions Leadership Institute (ELLI)
- Regional Lions Leadership Institute (RLLI)
- Faculty Development Institute (FDI)
- Lions Certified Instructor Program (LCIP)

We also hope to digitalize some of these training for seamless and more effective delivery. We therefore anticipate that all deserving members will take advantage of these opportunities to improve and build their capacities.

## LEO PROGRAMME: FOR THE SUSTAINABILITY OF THE LIONS CLUB LEGACY

As part of the “Not Too Young to Serve” campaign, we will continue to invest in the Leo club to get the best exceptional prospects for the Lion’s program. As the youth activity of the Lions Club, LEOS embodies the best qualities of our credible organization. They are devoted young people who are energetic, innovative, and service minded. Leos are the ones who will carry our great story into the future and improve upon it. Hence, as the world is evolving on the back of technology, artificial intelligence, self-reliance, and high-demand skills, we will equip Leos with resources and support that would help them imbibe knowledge which will help them serve better when they become Lions.

Our Leo Program will be strengthened through sensitization on the need and means of imbibing the best societal values and provision of socio-economic empowerment opportunities. Our club and Lion Leaders will be encouraged to support the Leo program proactively to bring about a good orientation and Leo-Lion conversion and succession.

#### APPRECIATION

My gratitude goes to the Almighty for His infinite mercies and protection over my family and me. I would like to thank the past leaders for their work, sacrifices, and devotion to the development of our district. I want to say they have built a worthy foundation for me to thrive as the incoming District Governor, and I hope to raise the standards they have set. As I resume office as your District Governor, I want to reassure the esteemed members of Lions District 404B2 that I will align my efforts with the works of our leaders and make the district a pride of Multiple District 404 Nigeria, and a reference for Lions International at large.

To the Lions of our district, I want to reiterate that I am motivated by your faith in me through my journey to becoming the District Governor. By our theme, our actions through service will help us create significant impacts in our immediate community and the world at large.

To, the Not Too Young to Serve team, thank you for believing in the dream and working towards actualizing the dream with me. May we never get tired of serving the world with our Time, Talent and Treasure.

I sincerely thank my Family for their understanding, support and encouragement all through the service journey.

# CORE PROJECT

The core project for the year is building and equipping a food bank in Ikeja and making it accessible to the under privileged. As one of the global causes is hunger relief, the aim is to help people in the community who cannot afford to feed daily, the mission is to establish a community free from hunger and tackle malnutrition, especially in children. The food bank will also offer nutrition advice and financial counselling to people. The establishment of the food bank is to address food insecurity in Lagos. This project will give access to healthy food, which can improve people's health and reduce healthcare costs as well as aid in good healthy living.
